

Integrating the evaluation and management of risks and sustainable development: a solutions workshop

6 November 2020, online

Agenda

8.45-9.00 Check-in

9.00-10.15 Opening by Kurt Jax (UFZ, leader of the PEER-TRISD project) and Eeva Primmer (SYKE, organizer of the event)

9.15-10.15

1st Panel: Practical application of SDGs

Leaders and experts working on sustainable development goals will share their experience on advancing on the SDGs and give practical solutions on SDGs management in a first part, followed by a panellist discussion in a second part. Names of panellists to be announced.

10.15-10.20

Conclusions and Breakout Groups Introduction

10.20-11.00

Breakout Groups: What solutions support integrating the evaluation of risks and sustainable development goals?

- Practical experiences of evaluating and managing
- Best practices and management systems
- Challenges of evaluating and managing

11.00-11.15

Break

11.15-11.45

What we learn from the breakout groups

11.45-12.25

2nd Panel: Managing risks with SDGs

In this second panel, leaders and experts share their experience in managing risks in their sector of activity (government, business and finance, research) and at their scale (International, European and National) to advance on sustainable development. A panellist discussion will follow the presentations. Name of panellists to be announced.

12.25-12.30 Conclusions and Acknowledgment
